

SL 400 SKY LIFTER

LIFTS UP TO 400 KG / 880 LBS.

The Sky Lifter is a light and flexible electric manipulator which, with the right adapter, can be mounted on any hydraulic telescopic loader, crane etc.

Ideal for the architect's creative and lopsided solutions where high installations under overhangs or oblique angles may be a challenge.

The Sky Lifter is radio-controlled without any limits to working height. Handles maximum load of 400 kg in the full working area.

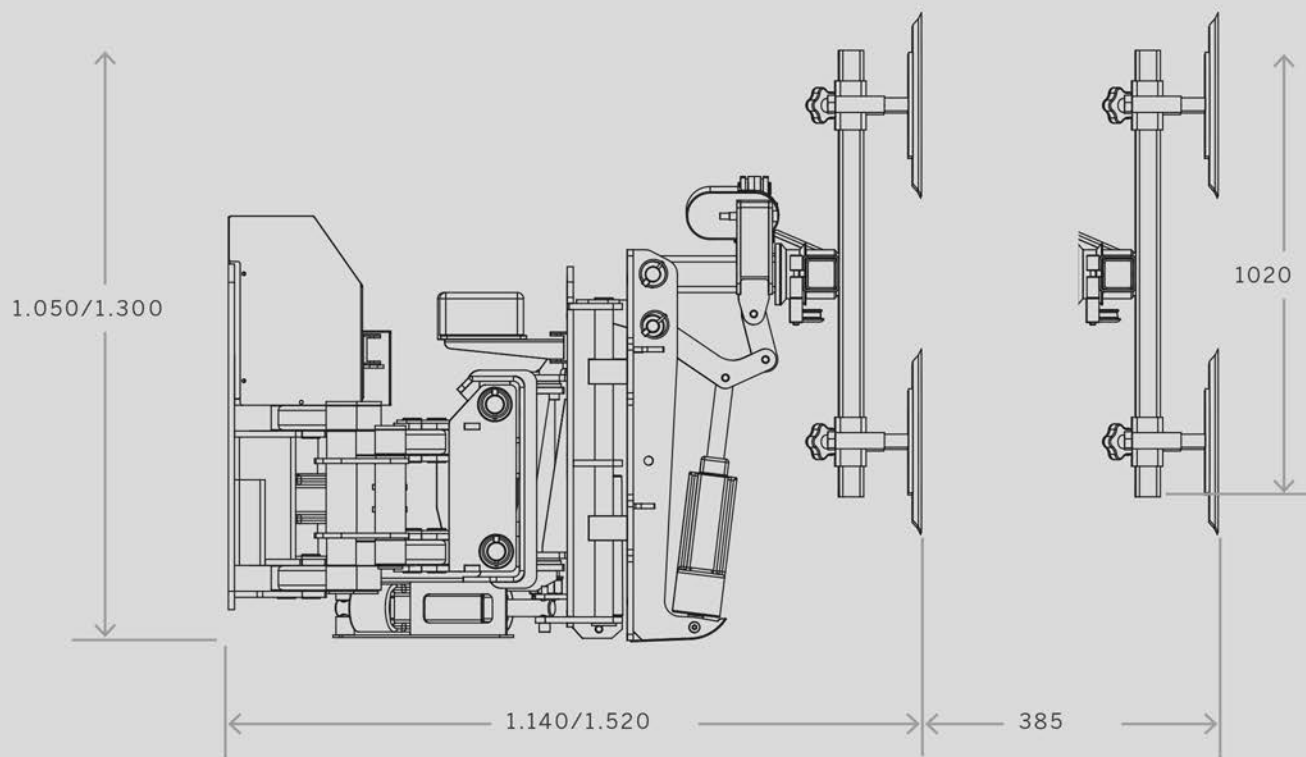

Available in all colors

Can be fitted on a telescopic loader for maximum reach

TECHNICAL SPECIFICATIONS
